

## NADT Covid Procedures Effective August 1, 2020

NADT students, staff and parents will follow the procedures below until we get further direction from local, state, and federal health officials. Please familiarize yourselves and your students with the new NADT Covid Policies before classes begin.

1. NADT will be taking precautions at the studio very seriously. We have students who have elderly and/or immunodeficient family members. It is crucial to keep them safe.
2. If you KNOW your child has encountered a Covid positive person, PLEASE do not bring them to class until you are 100% sure they are negative. The latest recommendation is to quarantine for 10 days.
3. As usual per our standard policies: If your child has any symptoms of a fever, diarrhea or vomiting do not bring them back to class until they are better without medicine for at least 24 hours.
4. Please discuss the importance of social distancing with your children and help us impress to them how important it is for them to stay on their dance spots. Remind your children that hugging and holding hands are not ok right now even though we have really missed seeing each other.
5. We will have hand sanitizer readily available for the students and they should use it before and after each class. They should also wash their hands well after using the restroom every time they go.
6. Students will not mingle in the lobby. When a class is dismissed, they will hold in place until they go to the next class or go to their car. We will wipe down the ballet barres and acro mats after every class.
7. Please do not delay on picking up or dropping your children off for class.
8. If possible, change your children prior to coming to class except for "cover-ups" and their dance shoes.
9. **Parents of children who are independent enough to enter on their own, please do NOT enter the building unless necessary. Just walk your children to the door and we will have teachers to greet you before and after class outside. Parents always need to wear a mask in the lobby because social distancing is not possible.**
10. If you need to pay tuition, please send it in an envelope with your child's name on it and we will send a receipt home with them. You can also pay securely though [www.paypal.me/NADTH](http://www.paypal.me/NADTH).
